CITY OF WEST MONROE
2022 – 2023 BUDGET MESSAGE

Attached is the proposed budget for the City of West Monroe for the fiscal year July 1, 2022 to June 30, 2023. The budget is divided into several funds including a General Fund, Utility Enterprise Fund, Special Revenue Funds, Fiduciary Funds, Debt Service Funds, and Internal Service Funds.

As we deal with the inflation and supply shortages just a year after the COVID pandemic issues, our local economy continues to endure and even grow. We see new businesses opening and other signs of growth in our area. However, like everyone else, the City of West Monroe is affected by the higher prices of operation and the supply shortages and tighter labor market. The administration has taken steps to continue to operate as efficiently and as effectively as possible while maintaining the highest level of service to our citizens and visitors. We are excited about the future of West Monroe and our local community as we continue to make investments that provide first class services and amenities to our citizens and visitors and provide for future growth and prosperity.

GENERAL FUND

The primary operating budget for the City of West Monroe is the General Fund. The General Fund is used to support City services such as police, fire, parks and recreation, community development, as well as general government services.

The proposed General Fund budget for the 2022-2023 fiscal year totals \$23,268,927, an increase of \$1,823,520 over the FY 2021-22 adopted budget. The proposed FY 2022-23 budget includes a surplus of \$677,638. The proposed budgeted surplus will bring the City's General Fund fund balance to \$9.5 million or approximately 41% of current operating expenditures at the end of the 2022-2023 fiscal year.

Revenues

The total General Fund revenue is \$23.9 million, up \$1,726,518, which represents an 8% increase from the FY21-22 adopted budget. The largest source of revenue for the City of West Monroe at 71% of total General Fund revenue is sales tax revenue. Sales tax revenue has grown over this time last year and is estimated to increase slightly during the coming year. The second largest single source of revenue for the General Fund is ad valorem tax, which provides \$1.1 million or 5% of

the total General Fund revenue and is one of the lowest millage rates in the state. Licenses and Permits, Charges for Services, and Program and Activity Revenue each provide just over \$1 million each and each make up 5% of the total General Fund Revenue. The remaining 10% of General Fund revenue consists of interest and investment revenue, state revenue, federal grants, and other miscellaneous sources.

Expenditures

During this tight labor market, it is even more important to maintain a happy and qualified workforce. A qualified motivated workforce is the lifeblood of any city. It is the employees who provide the many services to our residents and visitors on a daily basis, and it is because of their efforts that the City of West Monroe continues to provide the high level of service its citizens and visitors deserve. The City of West Monroe strives to provide pay and benefits that are both effective and cost efficient in an effort to attract and maintain the best qualified and most effective employees. The 2022-2023 proposed budget includes a 2% cost of living adjustment for all our front-line team members.

The total amount budgeted for retirement system contributions for the FY22-23 General Fund Budget is \$3.2 million which is approximately 14% of the total General Fund Expenditures.

The proposed General Fund expenditures for the 2022-2023 fiscal year is \$23,268,927, which is a 9% increase from last fiscal year. As mentioned above, the City General Fund provides funding for various departments and

functions within the city such as Police, Fire, Culture and Recreation, Community Development, and general government services. West Monroe boasts both a Fire Department with a Class 1 rating and Louisiana's first nationally accredited Police Department as well as a nationally accredited Senior Center. Kiroli Park, which boast one of the areas most beautiful trails, had almost 100,000 visitors last year and hosted several festivals and events, including Christmas at Kiroli, which brought in visitors from all over the region.

UTILITY ENTERPRISE FUND

The City of West Monroe operates a water treatment and distribution system as well as a wastewater collection and treatment system. The City provides water and wastewater utilities to all its residents and businesses within the city limits. The operations of the utilities department are accounted for like a business and as such are budgeted using an Enterprise Fund budget.

The City of West Monroe proposed Utility Enterprise Fund budget for the 2022-2023 fiscal year totals \$5,518,200 which represents an increase of \$292,154 or approximately 6% from the FY 2021-22 adopted budget. The proposed FY 2022-23 Utility Enterprise Fund budget includes a surplus of \$393,640 which will bring

the Utility Enterprise Fund retained earnings to \$1.3 million which is used for maintenance and improvements in the system.

REVENUES

The Utility Enterprise Fund revenues total \$5.98 million which is a 7% increase from the FY 2021-22 Utility Enterprise Fund adopted budget. Revenues for the Utility Enterprise Fund are made up of charges for services and cost sharing from Sewer District 5.

EXPENSES

The Utility Enterprise Fund budgeted expenses total \$5.5 million and represents an increase of \$292,154 from the FY 2021-22 Utility Enterprise Fund adopted budget.

At \$2.7 million, operating the Sparta Reuse Facility is the single largest expense for the City of West Monroe Utility Enterprise Fund, representing nearly 50% of the total expenses. Converting wastewater to water of

drinking standard quality for use in paper manufacturing saves over 7 million gallons of drinking water a day from the Sparta Aquifer, which provides drinking water for much of Southern Arkansas and North Louisiana.

CAPITAL BUDGETS

Over the past few years, the City of West Monroe has invested over \$20 million in critical infrastructure improvements, such as Water, Streets, Sewer, Drainage, and Flood Control.

The proposed 2022-2023 fiscal year Capital Fund budget includes \$12.3 million investment in continued capital improvements including the completion the Highland Park Infrastructure project, as well as other drainage, sewer, water, and street projects that will sustain and improve the City's ability to provide essential services to our citizens and businesses.

CONCLUSION

The City of West Monroe is coming off a strong year and signs of growth continue all around the city. The downtown area has seen nearly \$11 million worth of private investments and many new or expanding businesses. With the completion of the master plan, the city will continue to invest in projects that support the vision laid out in the plan. With investments in infrastructure and the continued improvements in downtown, as well as the beginning of construction on the new West Monroe Indoor Sports Complex, the city is positioned for continued growth.

Ronald S Olvey
Finance Director
