Commercial Construction Information

NFPA 101 (Life Safety) review must be performed by the Louisiana State Fire Marshal *prior to permitting*. For State Fire Marshal requirements contact their office at (225) 925-4911 or (800) 256-5452 or via their website www.sfm.dps.louisiana.gov

Building Code Review for compliance with the Louisiana State Uniform Construction code (LSUCC) *must be* performed by either the Louisiana State Fire Marshal or a Registered Third Party Provider *prior to permitting*.

To obtain a list of Registered Third Party Providers please visit www.dps.louisiana.gov/lsucc

One (1) full set of construction drawings should be submitted to the City of West Monroe, Office of Building & Development, 2305 North 7th Street, West Monroe, LA 71291, concurrently with the submittal to the Louisiana State Fire Marshal's Office to avoid any delay in permitting. If plans are submitted after receiving Louisiana State Fire Marshal approval, a review period of 3 to 5 business days will be required by the Building Official prior to issuance of permit.

Note: Plans may also be submitted electronically. Please contact the Director of Building & Development, Jonathan Kaufman, via email building@westmonroe.la.gov for details.

Codes currently being enforced are: Louisiana State Uniform Construction Code

Questions regarding Energy and Accessibility codes should be directed to the Louisiana State Fire Marshal's Office.
